Rolling Hills Middle School 8th Grade Academic and Behavior Expectation Spring 2019

Dear Parents or Guardians,

The Rolling Hills Middle School staff works extremely hard to create a positive and safe learning environment for all students. Though we are nearing the end of our school year, there is still important learning that needs to occur in order to prepare your child for high school.

With that in mind, communication between home and school increases your child's success. For students to participate in the end-of-the-year activities and the promotion ceremony, our expectation is that students will:

- continue to successfully complete their academic assignments,
- exhibit appropriate behavior, including being in the right place at the right time (tardies and absences) and making sound decisions that positively affect classroom and school climate, and
- cover any library and related school fines.

We have met with all 8th grade students in their ELA classrooms to review expectations and to remind students of what is necessary in order to have the privilege of attending the end-of-the-year activities, up to and including our promotion ceremony scheduled for June 12th at 9:00 am. Referrals, tardies, absences, and grades will be reviewed on a case by case basis.

Please have a conversation with your child about the importance of successfully completing all academic assignments, appropriate school behaviors, and covering any school related fines.

We appreciate your support and thank you for your attention to this matter as we work together to increase student success and prepare our students for their futures.

Please call our office at 408-364-5150, if you have any questions.

Sincerely,

Ted Cribari III
