

How Would You Make Our Streets Safer?

The Cities of Campbell and Los Gatos are conducting a school travel safety Walk Audit at **Rolling Hills Middle School** to gather information about how families travel to and from school and identify traffic challenges on and around campus.

Get Involved!

Join us at the walk audit to share your thoughts

We are looking for a few parents/guardians to join us on **Thursday, November 2nd** at **7:45am** for the walk audit to share your feedback and make observations of existing travel behavior. Reach out to the contact below to share your interest in attending.

Leave feedback on the interactive web map

The project's mapping tool allows you to drop pins and leave comments at specific locations, and draw your route to and from school. The mapping tool is accessible on your computer, mobile phone, or tablet 24/7. The web map will be open for comments through **December 2nd, 2023**.

Scan the QR Code to leave feedback using the mapping tool!

Learn more

Reach out to Charlie Simpson at charliesimpson@altago.com to learn more or sign up to attend the walk audit and visit <https://campbellsaferoutes.altaplanning.cloud/> to access the mapping tool!

THANK YOU FOR YOUR TIME AND INTEREST!
